

Injury Prevention Advisory Council (IPAC) Meeting
Indiana State Department of Health
2 North Meridian St., Indianapolis, IN –Rice Auditorium
Thursday, December 10, 2015- 1 pm EST

To watch/re-watch webcast: <http://videocenter.isdh.in.gov/videos/video/1925/>

In person:	
Christy Claborn, Franciscan St. Francis	Gretchen Martin, ISDH
Hannah Mathena, IU Health Riley	Katie Hokanson, ISDH
Nina Powell, IFD	Camry Hess, ISDH
Dr.Terry Zollinger, Indiana University	Ramzi Nimry, ISDH
Dr. Themen Danielson, ISDH	Rachel Kenny, ISDH
Terri Lee, ISDH	Lauren Savitskas, ISDH
Laura Chavez, ISDH	Jessica Schultz, ISDH
On Webcast (notified by email):	
Lisa Beaupre', Lutheran Hospital	Michelle Moore, St. Vincent Anderson
Kristi Croddy, Community Hospital East	Sarah Quaglio, St. Vincent Kokomo
Kelly Cunningham, ISDH	Mary Raley, St. Mary's Health Evansville
Bekah Dillon, IU Health Ball Memorial	Amanda Rardon, IU Health Arnett
Cindy Lewis, Zero Suicides Initiative	Kelli Vannatter, IU Health Ball Memorial
Kelly Mills, Union Hospital	Misty Wyrick, Union Hospital Terre Haute
By Phone:	
Sally Thigpen, CDC	Eric Gross, CDC

Injury Prevention Updates from IPAC Members

- **Katie Hokanson**, ISDH: ISDH will be attending the Child Safety Collaborative Innovation & Improvement Network (ColIN) next week. ISDH is currently planning our 2016 calendar, specifically how we can promote injury and trauma prevention at the annual Infant Mortality Summit, IPAC conference, and EMS Medical Directors' conference.
- **Lauren Savitskas**, ISDH: Working on child passenger safety and older adult falls prevention. Lauren and Katie Hokanson are scheduling visits in the first two weeks in January to all of the trauma centers to learn what they are doing from an IP standpoint.
- **Laura Chavez**, ISDH: No updates at this time.
- **Terri Lee**, ISDH: Indiana Coalition Against Domestic Violence is hosting a training on January 29th, 2016 – Institute open to the public.
- **Christy Claborn**, Franciscan St. Francis Health: Car seat blast in September with 100+ car seats inspected. Worked with Indy parks to present a 1-hour talk at Garfield Park – older fall prevention
- **Hannah Mathena**, IU Health Riley: Wrapping up the final deliveries for the FEMA project for this year and putting together the programs and schedule for next year.
- **Gretchen Martin**, ISDH: Finished our SUIDI (Sudden Unexplained Infant Death Investigation) training across the state in 79 counties and trained 430 first responders. Gretchen will be bringing Captain Carroll – program creator for direct on scene education. Geared toward EMS to identify unsafe sleep environments. He will come to the Indiana Emergency Response conference in August. We hope he can train 100-200 providers.
- **Dr.Terry Zollinger**, Indiana University: The Zero Suicides Initiative through SAMHSA is in the second year of funding and so far has trained more than 1000+ gatekeepers in QPR.
- **Dr. Themen Danielson**, ISDH: No updates at this time, focused on child safety

- **Ramzi Nimry**, ISDH: The ISDH Division of Trauma and Injury Prevention also has a monthly newsletter. If you would like to submit an article for publication, please contact Ramzi Nimry at RNimry@isdh.IN.gov.

Updates from webcast (submitted prior or during webcast):

- **Amanda Rardon**, IU Health Arnett: Arnett is continuing with same level fall programs, home safety and bicycle helmets.
- **Lisa Beaupre**, Lutheran Hospital: Lutheran Hospital is hosting an ATLS Instructor class on Feb 20, 2016. Lutheran is also continuing Fall Prevention education to senior population and focusing on distracted Driving education in high schools.
- **Michelle Moore**, St. Vincent Anderson Regional Hospital: No new updates from last meeting. St. Vincent Anderson had been focused on preparing for verification visit in mid-November.
- **Bekah Dillon & Kelli Vannatter**, IU Health Ball Memorial: Bekah is excited to announce that IU Health Ball Memorial has a new injury prevention position and have promoted one of our Trauma Coordinators into this role. Kelli Vannatter will be joining Bekah on the webcast and Bekah will be working to transition the majority of her injury prevention involvement to Kelli.
- **Mary Raley**, St. Mary's Evansville: No updates at the present.
- **Cindy Lewis**, Zero Suicides Initiative: No updates at the present and is working with Dr. Zollinger.
- **Sarah Quaglio**, St. Vincent Kokomo: No updates at the present.
- **Kristi Croddy**, Community Hospital East: No new updates for Community Hospitals East, North, or South.
- **Kelly Mills**, Union Hospital Terre Haute: No updates at the present.
- **Misty Wyrick**, Union Hospital Terre Haute: No updates at the present.
- **Kelly Cunningham**, ISDH: No updates at the present.

Program Evaluation: Measuring Impact and Continuously Improving Implementation for Success

Sally Thigpen, MPA, Health Scientist from the Division of Analysis Research, and Practice Integration (DARPI) in the Injury Center at the Centers for Disease Control and Prevention was the guest presenter at this meeting. Sally's presentation began with a walk through the CDC's A Framework for Program Evaluation, specifically focusing on the importance of evaluation design and gathering credible evidence. Sally's presentation described strategies on how to fold these skills into program evaluation for continuous quality improvement, focusing on making sure evaluation and actions identified through evaluation are actionable. Sally discussed the vastness of gathering credible evidence, which can be both qualitative and quantitative, and reporting findings also includes sharing lessons learned. Sally walked through the process for drafting a logic model for child passenger safety activities and discussed strategies to draft S.M.A.R.T. objectives (see handouts and presentation for more information).

Indiana Violent Death Reporting System (INVDRS) update

Rachel Kenny, Indiana Violent Death Reporting System (INVDRS) Epidemiologist, presented updates on the INVDRS program. Rachel and Katie Hokanson are co-chairing the Midwest Injury Prevention Alliance (MIPA) NVDRS Subcommittee, which is focusing on facilitating data sharing across state lines. MIPA and the subcommittee are open to anyone to join. There are 1,242 cases statewide as of 11/17/2015 using death certificate data. There are 594 cases among the 6 pilot counties, which are Allen, Lake, Madison, Marion, St. Joseph, and Vanderburgh. The INVDRS staff has obtained 20 signed data sharing agreements with coroner offices and at least 168 signed data sharing agreements with law enforcement agencies. The next INVDRS advisory board is December 15th at 1-3 p.m. in ISDH Offices. The 2016 meetings will be the same day as IPAC meeting, but the meetings will run from 1-3 p.m. For more information, visit: <http://www.in.gov/isdh/26539.htm>

Report from ISDH

Child Safety COIIN

Indiana successfully applied to be a part of the Child Safety Collaborative Innovation & Improvement Network (COIIN). The Child Safety COIIN represents an unprecedented opportunity for states, territories, and tribal communities to advance evidence-based strategies for injury and violence prevention. Through the Child Safety COIIN, Indiana will work with other states, territories, and tribal communities and with a panel of injury and violence prevention advisors to increase the adoption of evidence-based policies, programs, and practices at national, state, and local levels. We will be focusing specifically on child passenger safety, but may reach other transport-related topics. The COIIN will meet from Fall 2015 through Spring 2017. ISDH will be participating at the COIIN Summit next week in the Boston, MA area. Chief Medical Consultant Dr. Joan Duwve, Assistant Commissioner Art Logsdon, Trauma & Injury Prevention Division Director Katie Hokanson will attend.

Injury Prevention Program Coordinator Position

Lauren Savitskas, MPH, is the new Injury Prevention Program Coordinator and was introduced to IPAC at the September 17th meeting. Lauren will be focusing on implementing the STEADI toolkit for older adult falls prevention and implementing a child passenger safety program. She recently became a certified passenger safety technician and completed the "Safe Travel for All Children: Transporting Children with Special Healthcare Needs" course. Lauren also completed the American Trauma Society's 2-day Injury Prevention Course in Atlanta. ISDH would like to have Lauren to come visit your organizations and facilities to meet with you to see what you do, and how we can partner in these areas. Please contact Lauren at LSavitskas@isdh.in.gov with any questions.

Injury Prevention Resource Guide & App Update

The Preventing Injuries in Indiana: A Resource Guide is available on the ISDH website as well as a free app to download for iOS and Android devices. Jessica demonstrated the app and its features at the previous IPAC meeting. ISDH will be collecting feedback to make the app and the resource guide as strong of a document and tool as possible. The resource guide will be expanded to include 11 other topics, which include ATV safety, occupational safety, child passenger safety, and others. Jessica reviewed the app analytics and shared with the group that there have been 336 installations of the app, with a majority of the app downloads occurring on the iOS platform. There have been 1385 launches of the app, with a majority of the launches occurring on the iOS platform. The installation and launch spikes correspond to press releases, meetings and presentations, and other communications. The Division would like to present the app at any and all relevant meetings and through other communications, so please email Jessica (jskiba@isdh.in.gov) with any opportunities you may have.

CDC Core State Violence and Injury Prevention Funding Opportunity Announcement (FOA)

The ISDH is preparing to apply for the CDC Core State Violence and Injury Prevention (Core SVIPP) funding opportunity announcement. The announcement was released earlier this week, so ISDH is still developing ideas for the application. The FOA is multicomponent, with a BASE program (similar to the 2010 BIC) and two enhanced components: the Surveillance Quality Improvement (SQI) and the Regional Network Coordinating Organization (RNCO). The FOA focus in four priority areas of IVP: child abuse and neglect, traumatic brain injury, motor vehicle crash injury and death, and intimate partner/sexual violence. The application is due April 8th and will require letters of support from partner agencies. The ISDH will submit a letter of intent in the near future.

Potential Collaborations and Open Discussion

Due to time constraints, there wasn't time to discuss potential collaborations.

IPAC Updates

The 2016 conference will be held May 19th at the Rapp Family Conference Center at Eskenazi Health. If you are interested in being a part of this planning committee, please contact Jessica. Please forward Jessica any contacts you have that would be interested in joining IPAC. You can also follow ISDH on Twitter @INDTrauma.

Events and Activities in Injury Prevention

New 2016 Calendar of Injury Prevention Observances and Events:

http://www.in.gov/isdh/files/Injury_Prevention_Observances_2016.pdf

- ISTCC & ITN meetings 12/11
- INVDRS Advisory Board meeting 12/15
- Older Driver Safety Awareness Week, December 7–11
- National Drunk and Drugged Driving Month
- December is Safe Toy Month

Next meetings (in Rice Auditorium at ISDH)

- **Friday**, March 18, 2016 from 10 a.m. – 12 p.m. EST
- **Friday**, July 15, 2016 from 10 a.m. – 12 p.m. EST
- **Friday**, September 16, 2016 from 10 a.m. – 12 p.m. EST
- **Friday**, November 18, 2016 from 10 a.m. – 12 p.m. EST
